## **SAFETY ON THE LAKE**

**As property owners, one of your top priorities when around or on the lake should be safety on the water.**

Please see below information and reference the boating guide for safety, laws and regulations for boating and personal watercraft.

The below information taken from the 2018 Minnesota Boating Guide:

<https://files.dnr.state.mn.us/rlp/regulations/boatwater/boatingguide.pdf>

### **Top Five Boating Safety Tips**

- Wear your life jacket – And make sure children wear theirs.
- Stay sober – Booze and boating don't mix. Alcohol is the #1 factor in boating fatalities.
- Tell a friend – Tell someone where you're going and when you will be back. If you're not back, they should call 911. Bring a phone or VHF radio.
- Be weather aware – Don't let a storm sneak up on you – delay your trip or head to shore. Go slow in rough water to avoid capsizing.
- Boat smart – Take a boating safety course. Know your boat; stay alert while scanning for dangers; stay seated and low in the boat to prevent falls overboard.

### **IMPORTANT NOTES FOR 2018**

- New carbon monoxide law requires certain motorboats to install carbon monoxide detectors and warning stickers by May 1, 2018. (Pg. 15)
- Watercraft are now prohibited from towing passengers from one-half hour after sunset to sunrise of the following day. (Pg. 38)
- CAUTION: Check with your engine manufacturer before using fuel with 15 percent or greater ethanol.
