**Below is some important information:**

Below is a link for everyone to click and complete an application for MN Broadband Line Extension Program. The more people that complete this application gives us a better chance to be chosen by a service provider to bid our location. I just completed one for our location on the lake and it took less than 5 minutes. This gives us another push to hopefully have good internet service out our way eventually. I am also attaching a PDF with additional information for your reading pleasure.

**Broadband Line Extension Connection Program**

The State of Minnesota’s Office of Broadband Development (OBD) recently created the Broadband Line Extension Connection Program with the purpose of providing grants for the extension of existing broadband infrastructure to unserved locations. An unserved location is a location that does not have a wired broadband service of at least 25Mbps download and 3 Mbps upload. Wright County residents and businesses are encouraged to report that they are unserved by submitting an application:

**No Wake sign at the landing was removed Memorial weekend.**

The lake is still a bit high so please remember to consider how close you are to shore and how much wake you are making for land owners. Appreciate everyones cooperation.

**Monticello Farmers Market** is scheduled to open from Mid-May through Mid-Oct: Thursdays @ 3:30-7pm. Check out their website for more information.
